***Accounting Technology* selects RSM McGladrey for Pacesetter Award**

PHILADELPHIA (Dec. 15, 2008) — The editors of *Accounting Technology* are pleased to announce that RSM McGladrey has been chosen as a Technology Pacesetter for 2008. The magazine, published 11 times annually by SourceMedia Inc., presents this award to 100 organizations each year that market financial software applications.

“Pacesetters are selected for a wide range of criteria, such as substantial growth, their leaderships’ influence and involvement in the accounting software community, and recognition from the companies whose software they market,” said Robert Scott, editor of *Accounting Technology*. “All of these factors help us recognize quality businesses, regardless of size.”

Most companies in the accounting software channel market a wide range of technology software and services. However, financial software remains the focus of their operations.

The names of all 100 organizations were published in the December 2008 issue of *Accounting Technology* and can be accessed at www.accountingtechnology.com. Thumbnail sketches of the 100 winners are being made available on the Web site only.

RSM McGladrey is a leading professional services firm providing accounting, tax and business consulting. RSM McGladrey operates in an alternative practice structure with McGladrey & Pullen LLP, a partner-owned CPA firm that delivers audit and attest services.
