RSM McGladrey recognized for performance and leadership among providers of mid market financial software

Technology Business Solutions Practice selected as a member of VAR Stars

PHILADELPHIA (December 7, 2009) RSM McGladrey, one of the nation's leading accounting, tax and business consulting firms, was recently selected as a member of the 2009 VAR Stars, a group of 100 organizations being honored for accomplishments in the mid-market financial software sector.

RSM McGladrey's Technology Business Solutions Practice serves organizations throughout the United States from 16 offices with 270+ consultants. This practice has implemented financial management solutions for over 20 years with more than 2,000 clients across the country.

Bob Scott's Insights, a publication of the Progressive Media Group, honors organizations for quality performance and leadership. The publication recently named RSM McGladrey as a member of the 2009 VAR Stars, a group of 100 organizations being honored for accomplishments in the mid-market financial software sector.

"This award is made to honor organizations for factors such as quality performance and leadership in their arena [mid-market financial software]. It is made without regard to the volume of annual sales made by these businesses, although their ability to achieve notable growth is considered," says *Bob Scott's Insights* Executive Editor Bob Scott.

While this is the first year the VAR Star Award has been presented by *Bob Scott's Insights*, Scott has been involved in the awarding of previous industry honors, including *Accounting Technology's* Technology Pacesetter and VAR 100 List.
